Introduction

Welcome to iTourGab, your ultimate companion for exploring and experiencing the hidden gems of tourism. Designed for both casual travelers and adventure enthusiasts, iTourGab streamlines the entire travel experience—from discovery and booking to planning and emergency assistance.

This manual provides comprehensive instructions on how to navigate the application, utilize its core features, and maximize your travel efficiency.

UX Principle: The iTourGab interface follows a "Mobile-First" design philosophy, prioritizing thumbs-reach accessibility for core navigation buttons and map interactions.

1. Home s Explore Map

MODULE OVERVIEW

The Home / Explore Map is the central hub of iTourGab. It provides a visual representation of all available tourist attractions, allowing users to discover spots geographically.

HOW TO ACCESS

Launch the app. The Home screen defaults to the interactive map view.

FEATURES s COMPONENTS

Map Pins (interactive locations), Search Bar (filter by name/type), Current Location Button, Category Filters (Nature, Heritage, Leisure).

STEP-BY-STEP USER GUIDE

- Open the app and allow location permissions for the best experience.
- Use the Search Bar at the top to find a specific destination.
- Tap on a Map Pin to see a quick summary of the tourist spot.
- Select 'View Details' from the summary popup to enter the dedicated page.

PROCESS FLOW

User Open → Filter/Search → Tap Marker → Preview Details.

2. Tourist Spot Details

MODULE OVERVIEW

This module offers a deep dive into specific locations, providing everything a traveler needs to know before visiting.

HOW TO ACCESS

Tap on any tourist spot pin from the Explore Map or search results.

FEATURES & COMPONENTS

Image Gallery, Detailed Description, Operating Hours, Entry Fees, Contact Details, Navigation/Direction Button.

STEP-BY-STEP USER GUIDE

- Select a tourist spot from the Map or Ranking list.
- Swipe through the photo gallery for a visual preview.
- Read the 'About' section for history and reminders.
- Check 'Operating Hours' to ensure the spot is open for your visit.

PROCESS FLOW

Review Info → Check Pricing → View Location → Proceed to Booking.

3. Services s Accommodations

MODULE OVERVIEW

Displays available amenities such as cabins, rooms, tour guides, and equipment rentals offered by specific tourist spots.

HOW TO ACCESS

Located inside the Tourist Spot Details page under the 'Available Services' tab.

FEATURES s COMPONENTS

Service Cards, Pricing Labels (e.g., ₱700/night), Service Ratings, WhatsApp/ Chat Button, 'Book Now' Button.

STEP-BY-STEP USER GUIDE

- Navigate to a Tourist Spot Details page.
- Scroll down to the 'Services' section.
- Filter between Accommodations (Stay) and Services (Tours/Rentals).
- Tap 'View Details' on a specific card to see amenities like Wi-Fi or Breakfast.

PROCESS FLOW

Spot Details → Browse Services → Compare Prices → Select Service.

4. Bookings Module

MODULE OVERVIEW

A robust reservation system that allows users to secure accommodations and services directly through the app.

HOW TO ACCESS

Tap 'Book Now' on any Service/Accommodation card.

FEATURES & COMPONENTS

Date Picker, Guest Counter, Price Summary, Confirmation Modal, Booking History (in Profile).

STEP-BY-STEP USER GUIDE

- Choose an accommodation/service.
- Select your desired check-in/start date and duration.
- Input the total number of guests.
- Review the breakdown of costs.
- Tap 'Confirm Booking' to finalize the request.

PROCESS FLOW

Select Date → Review Price → Confirm → Received Booking ID.

5. Itinerary Planning

MODULE OVERVIEW

Empowers users to build structured schedules for their trips, ensuring time is used efficiently.

HOW TO ACCESS

Tap the 'Planning' or 'Itinerary' icon in the bottom navigation bar.

FEATURES & COMPONENTS

'+ New Itinerary' Button, Date/Time Setters, Spot Selector, Activity Description field.

STEP-BY-STEP USER GUIDE

- Open the Itinerary module.
- Tap the '+' icon to create a new trip.
- Assign a title (e.g., 'Summer Getaway').
- Add specific tourist spots from the database to your timeline.
- Set specific time slots for arrivals and departures.
- Save and access offline for your trip.

PROCESS FLOW

Create Trip → Add Destinations → Set Schedule → Save & Track.

6. Ratings Reviews

MODULE OVERVIEW

A community-driven feedback system that helps other travelers make informed decisions.

HOW TO ACCESS

Accessible via the 'Reviews' tab under any Tourist Spot Details.

FEATURES & COMPONENTS

Star Rating (1-5), Sentiment Tags, Written Review Box, Identity Toggle (Public/Anonymous).

STEP-BY-STEP USER GUIDE

- Go to a spot you have visited.
- Tap the star rating matching your experience.
- Write a short description of your visit.
- Check 'Anonymous' if you prefer privacy.
- Submit to share with the community.

PROCESS FLOW

Visit Spot → Experience → Rate & Write → Share Feedback.

7. Tourist Spot Ranking

MODULE OVERVIEW

A dynamic leaderboard that showcases the top-rated destinations based on real-time user feedback.

HOW TO ACCESS

Select 'Ranking' from the main navigation menu.

FEATURES & COMPONENTS

Rank Badges (Gold/Silver/Bronze), Rating Averages, Review Counts, Quick-View Links.

STEP-BY-STEP USER GUIDE

- Open the Ranking screen.
- View the 'Top 10' destinations in the province.
- Check why a spot is trending (high ratings vs. high volume).
- Tap the spot to go directly to its details for booking.

PROCESS FLOW

Check Trends → Compare Best Spots → Select Top Destination.

8. Emergency s Safety

MODULE OVERVIEW

Prioritizes user well-being by providing rapid access to help and information.

HOW TO ACCESS

Tap the 'Shield' or 'Emergency' icon in the main menu.

FEATURES s COMPONENTS

One-Touch Call Buttons (Police, Medical, Fire), Safety Guidelines (Weather/General), Frequently Asked Questions (FAQ).

STEP-BY-STEP USER GUIDE

- In case of emergency, open this module immediately.
- Tap a specific contact icon to initiate a direct phone call.
- Browse 'Safety Preparedness' for tips on local weather (typhoon/flood) or terrain navigation.
- Use the FAQ for standard operations or app troubleshooting.

PROCESS FLOW

Encounter Hazard → Select Contact/Guide → Resolve Issue.

9. Chat (AI s Support)

MODULE OVERVIEW

Dual-channel communication bridge for automated help and personalized admin support.

HOW TO ACCESS

Tap the 'Message' icon on the navigation bar.

FEATURES s COMPONENTS

Tourist AI (Automated Bot), Admin Support (Human interaction), Chat History, File/Image Attachment.

STEP-BY-STEP USER GUIDE

- Open Chat.
- Select 'Tourist AI' for general questions (e.g., 'What are the best spots in winter?').
- Select 'Admin Support' for specific booking issues or disputes.
- Type your message and wait for the real-time response.

PROCESS FLOW

Query Type Selection → Message Sent → Response Received → Resolution.

Chat With Admin

Chat with AI

10. Saved / Favorites

MODULE OVERVIEW

A personalized 'Bucket List' where users can bookmark locations for future reference.

HOW TO ACCESS

Tap the 'Heart' icon in the profile or bottom nav.

FEATURES & COMPONENTS

List of Liked Spots, Personal Notes/Keywords, Remove Button.

STEP-BY-STEP USER GUIDE

- Find a spot on the Map you like.
- Tap the 'Heart' icon on the Spot Preview.
- Go to your 'Saved' list later to recall these locations.
- Tap any saved item to view its details instantly.

PROCESS FLOW

User Discovery → Save for Later → Revisit List → Finalize Trip.

11. User Profile

MODULE OVERVIEW

Manages user identity, settings, and personal activity tracking.

HOW TO ACCESS

Tap the 'User/Account' icon in the bottom right corner.

FEATURES & COMPONENTS

Profile Image, Stats (Places Visited, Reviews Given), Booking History, Edit Profile, Log Out.

STEP-BY-STEP USER GUIDE

- Access your Profile to set up your identity.
- Tap 'Edit Profile' to update your phone number or email.
- View 'Booking History' to see status updates on your reservations.
- Review your activity under the 'Stats' section.

PROCESS FLOW

Manage Data → Track History → Update Profile.

System User Flow Summary

The iTourGab ecosystem operates on a continuous feedback loop designed to enhance both user experience and local tourism visibility:

1. **Discovery:** Explore map or check rankings to find a destination.
2. **Validation:** View details, read community reviews, and check services.
3. **Action:** Book accommodation and plan arrival in the itinerary.
4. **Support:** Utilize chat and safety modules during the visit.
5. **Closing:** Save favorites for future trips and rate the visit to update system rankings.
